

WEED BRUSH

This powerful weed brush tackles challenging and heavy ground cover. Tilting to either side and lengthwise, the brush head adjusts to any contour and type of terrain and its standard-fit rubber curtain protects the surroundings. For convenient adjustment from the cab, the attachment is available with radio control as an option.

All advantages at a glance

- Adjustable 0 - 120° side shift
- Adjustable brush tilt (side-/lengthwise)
- Rubber curtain protector
- 22 bristles made of wire cables (especially for heavy ground cover) or flat wire (especially for moss)

Loader requirements

- Locking detent is recommended
- The hydraulic folding system requires a minimum 75 l/min oil flow. We recommend opting for a flow control valve on the weed brush.

Options

- Hydraulic side shift control
- Hydraulic side-/lengthwise tilt control
- Radio remote control
- Electric 12/24V diverter valve for tilt range control
- Height-adjustable jockey wheel
