

## LARGE BALE FORK WITH HYDRAULICALLY FOLDING TINES

This large bale fork comes as standard with hydraulically folding tines and a support frame which can be hydraulically extended by approx. 60 cm. This ensures safe road travel and optimum transport of large bales.

### Advantages at a glance

- Safe road travel thanks to hydraulically folding tines
- Hydraulic extension
- Load capacity: 1.6 tonnes with 4 tines

### Loader requirements

- The loader must be equipped with an overhead guard or cab.
- 1 double-acting connection

### Options

- 5 tines with a load capacity of 1.8 tonnes
